John W. Hock Company
 Phone: (352) 378-3209
 Fax: (352) 372-1838
www.johnwhock.com

Traps should be painted to protect them from the environment. An electrical connection is necessary because these traps require a 110 volt AC current.

Octenol - 250 ml bottle.....\$220.50 each

Catalog #74950
 Sigma-Aldrich
 (800) 325-3010
www.sigmaaldrich.com

Modified New Jersey Light Trap

Test Switch (Momentary On Toggle Switch).....\$4.59 each
Part # 275-709 (Radio Shack) www.radioshack.com

This switch allows the functioning of the fan motor and light to be tested without having to trip the photo sensor.

Light Bulb.....\$0.95
Catalog #7-1/2S11 130V
Honsa Lighting Inc.
Phone: (651) 456-0011
Fax: (651) 456-9333
www.honsalighting.com

Low wattage (7.5 watts) bulbs reduce the amount of non-target insects collected.
This makes processing samples quicker.

Plastic Container & Lid.....\$2.65 each
Container #3882 (w/ removable snap lid)
Rubbermaid
Available at Walmart

3" Twist on Hose Flange.....\$5.92 each
Part #44102
Attwood Marine
