

New Collection Jar for CDC Traps

1. Vinyl Tubing

3/16 inch ID vinyl tubing from Home Depot slit lengthwise and fitted over the edge of the hole in the bottom of large collection jar. Fixed in place with hot glue.

2. Large Jar.....3 jars \$56.81

Fisher Scientific
Catalog Number 11-815-13C
www.fishersci.com

64 oz. polypropylene mason jar with a 3 1/8 inch hole cut in the center of the bottom of the jar. Line the hole with tubing and slide the louver in for a tight slip fit.

3. Small Jar.....6 jars \$50.99

Fisher Scientific
Catalog Number 11-815-13A
www.fishersci.com

16 oz. polypropylene mason jar. Cut bottom of the jar off with saw and louver will slide in and can be set in place with hot glue.

4. Louver.....pack of 4 \$8.89

Master Flow #RLSC3, 3 inch plastic circular louver.
Available at Home Depot.

Plastic screen material is hot glued to the inside of the louver to prevent the mosquitoes from escaping.
